Upcoming Bethe Colloquia

Frank Close
(University of Oxford)
Trinity - The treachery and pursuit of the most dangerous spy in history
Thursday, April 23, 2020

Pierre Ramond
(University of Florida)
Thursday, May 7, 2020

Richard Dawid
(University of Stockholm)
Thursday, June 25, 2020

More information on:
http://www.bctp.uni-bonn.de

Lecture Series on the Cosmic Microwave Background
February 10-14, 2020
Raphael Flauger
(UC San Diego)
www.bctp.uni-bonn.de/bethe-forum/2020/cmb

Bethe Forum
Inflation
March 23 - 27, 2020
www.bctp.uni-bonn.de/bethe-forum/2020/inflation

Bethe Forum
Modular Flavor Symmetries
May 4 - 8, 2020
www.bctp.uni-bonn.de/bethe-forum/2020/symmetries

Bethe Forum
Machine Learning: Where to Apply in Theoretical Physics
June 1 - 5, 2020
RECENT EVENTS

Recent Bethe Colloquia

Ricardo Barbieri
(SNS Pisa)

Standard Model or Standard Theory?
Thursday, October 24, 2019

Dieter Zeppenfeld
(Karlsruher Institut für Technologie / KIT)

Diboson production at the LHC
Thursday, November 21, 2019

Uwe-Jens Wiese
(University of Bern)

Quantum simulation of Abelian and non-Abelian Gauge Theories
Thursday, December 5, 2019

Herbert Spohn
(TU München)

Hydrodynamics of integrable many-body systems
Thursday, January 9, 2020

You are invited to participate in future bctp activities. Suggestions for Bethe Forum programs or workshops are welcome. Please contact: theory@physik.uni-bonn.de
